How to Register:

- Visit any designated public sector cardiac institute with your CNIC and medical reports for initial clinical assessment
- Patient shall be reviewed by the Multidisciplinary Team (MDT) comprising senior cardiologists and cardiac surgeon, The MDT will evaluate condition and determine the appropriate treatment plan
- MDT will decide whether surgery will be performed at the public sector hospital or referred to an empaneled private hospital
- Upon MDT recommendation, visit the Hospital Facilitation Office (HFO) counter established by SLIC at the public hospital for enrollment under the program
- Treatment shall be provided completely free of cost

Note: Primary enrolment and treatment shall be provided at designated public sector hospitals, Treatment at private empaneled hospitals is referral based as decided by MDT

Documents Required

- Original CNIC
- Angiography / Cardiac Catheterization Report
- Echocardiography Report
- Referral letter (where applicable)

Important Information

- No payment is required from the patient at any stage
- Hospital assignment is based on clinical requirements and capacity
- Emergency cases are prioritized
- Waiting time varies based on clinical urgency and waiting list
